Chikkarayapuram, Near Mangadu, Chennai-600069

CISCO-SUMMER PLACEMENT TRAINING PROGRAM

Sri Muthukumaran Institute of Technology organized **CISCO CSR PLACEMENT TRAINING** from 21.05.2026 to 30.5.26 for 10 days. Final year students of Sri Muthukumaran Institute of Technology attended the Data Analytics and Web Design courses at Center of Excellence Lab, CSE Department, in SMIT Campus Organized by Mrs.R.Malarvizhi,AP/CSE and Dr.D.Rajiniginath, Head & Professor/ Department of Computer Science and Engineering & R&D.

The Cisco Corporate Social Responsibility (CSR) program primarily driven through the Cisco Networking Academy and key government collaborations like India's AICTE Internship Portal—aims to close the digital skills gap by providing free, industry-recognized training in high-demand technical domains. While Cisco is historically famous for networking and cybersecurity, its CSR-driven curriculum includes tailored training and virtual internship pathways for Web Designing and Data Analytics.

Cisco CSR: Data Analytics Program-

The Data Analytics vertical focuses on transforming raw data into actionable business insights. It provides students with data literacy and numerical reasoning skills critical for the modern workforce.

- Outcome: Students complete a real-world project portfolio (such as analysing complex datasets) and receive a verifiable digital badge or credential.

Cisco CSR: Web Designing / Development Program-

Through its partnership with open-source communities and educational institutions, Cisco offers introductory and intermediate tracks for web architecture.

- Key Skills Taught: Front-End Fundamentals: Programming Logic: UI/UX Principles
- Outcome: Students achieve a comprehensive, hands-on skill set in standard front-end technologies like HTML, CSS, JavaScript and Entry-Level Web Development, capable to build, style, and manage more complex web application interfaces.

1. Web Designing Training

2. Data Analytics Training

3. Students Interaction with CISCO-CSR Team

5. Project Demo Session
